

# Hepatitis C: Test It. Find It. Fight It.

**75%**

of those with Hep C don't know it

Millions of Americans are infected with Hep C. If you are a Baby Boomer (born 1945-1965), received blood or an organ before 1992, or injected drugs (even once) – get tested today.

**Get tested in 20 minutes and together we can fight Hep C.**
